blueStone

CAPABILITIES STATEMENT

*"On a daily basis, our clients' initiatives change the world —
we simply supply the people that make it happen."*

blueStone Staffing is a specialized IT staffing firm that has been serving clients across the nation for over 15 years.

CORE COMPETENCIES

- Applications Development
- Mobile Development
- Big Data Solutions
- IT Security/Infrastructure
- ERP Systems/EHR
- PMO

PAST PERFORMANCE

- Helped our clients create new markets and pioneer the introduction of 4G LTE into vehicles in China
- Assisted our client in becoming compliant with government regulations and SOC 2 audit preparations
- Supported our clients in building new industries, i.e. mobile wallet applications and autonomous vehicle platforms
- Helped our clients better manage their global sales force and speak with a common voice through implementing a global CRM (Customer Resource Management) system
- Assisted our clients in developing the necessary means to protect themselves from ransomware and other external attacks

- Supported gathering of analytics allowing clients' research and development teams to better focus on predictive risk analysis and bring a safer product to market
- Assisted the DMV in streamlining systems and improving the state's driver license issuance system
- Supported military security initiatives by assisting in the development of a secure android platform for internal use
- Worked elbow-to-elbow with healthcare providers to enable smooth implementation of Electronic Medical Record keeping software and to become compliant with ACA (Affordable Care Act) regulations
