## CONTRACT STAFFING

### WE UNDERSTAND YOU BECAUSE WE WERE YOU.

One of our co-founders worked on the client side. In the corporate world. As an HR executive. The other was a Big 4 IT leader. Together, our team understands the intensity of your day, the frazzled nerves that an empty desk creates, that projects need to stay on track, and what makes your antennae perk up ... and relax. With blueStone, you'll find the right contract talent fast, and a Women Owned supplier that helps you meet your diversity goals.

### MATCHMAKERS OF THE IT WORLD.

We could blah blah blah you about how we build relationships. But it's true. Our 99% client retention rate is a testament to the way we support our clients and consultants. We attract and retain the best people because we treat them better. The benefits we provide rank among the top 10% in our industry. We give them exceptional support, so they're more than happy to work long-term. When they don't worry, you won't either.

*Best IT staffing company I have ever worked with!  
They listen and provide only the best consultants.*

### IT'S 5:01 P.M. NO WORRIES.

The workplace isn't nine-to-five. Neither are we. If your project requirements change or issues arise beyond normal business hours, just give us a call. Doing things differently is what we're all about. We use creative ways to find senior level, contract and contract-to-hire talent. We provide nationwide and global support for clients all over the map. We can set up convenient payment arrangements. Other stones aren't known for their flexibility. blueStone is.
